**A safe, permanent home...**isn't something a child should only dream about...GAL/CASA (interchangeable by statute) work to help make that dream become a reality.

#### **Who are CASA/GAL Volunteers?**

CASA is an acronym for Court Appointed Special Advocate. GAL/CASA volunteers are ordinary people who care about kids. GAL/CASA volunteers come from all backgrounds. Many work full time. Some are students or retired people. Most GAL/CASA volunteers work on one case at a time. No legal expertise is required.

#### **What exactly does a volunteer do?**

GAL/CASA volunteers are assigned to an abuse or neglect case (or other juvenile related cases in some counties in Indiana) by a judge. They conduct thorough research on the background of the case, reviewing documents, interviewing everyone involved, including the child. They make reports to the court, sometimes recommending what they believe is best for the child, providing the judge with information that will help her make an informed decision. GAL/CASA volunteers can be instrumental in assuring that a child or family receives services which the court has ordered - things like substance abuse counseling or special education testing. During the life of a case, a GAL/CASA volunteer monitors the child's situation to make sure he remains safe. GAL/CASA volunteers may be the only constant the child knows as she moves through the labyrinth of the child welfare system.

#### **What does it take to be a CASA/GAL volunteer?**

##### ***Commitment***

Most programs ask a commitment of at least a year. Some cases last longer. The amount of time a GAL/CASA gives to a case will vary depending on the stage of the proceedings. Nationally, GAL/CASA volunteers give an average of 88 hours per year.

##### ***Objectivity***

The GAL/CASA volunteer's role is to represent the best interests of the child. That may not always mean what the child wants. GAL/CASA volunteers must be able to talk to everyone involved in a case and remain objective in their recommendations. While they will establish a relationship with the child, the GAL/CASA volunteers' role is not to become a Big Brother or Sister to the child.

##### ***Good Communication Skills***

GAL/CASA volunteers must be able to talk to a wide variety of people from healthcare professionals to school officials to an angry parent. GAL/CASA volunteers present written reports to the court, sometimes speaking in the courtroom on behalf of the child's best interests.

#### **What about training?**

GAL/CASA programs provide in-depth training on issues of the court process, child development, abuse and neglect, cultural competency, advocacy and interviewing techniques, HIV and other public health topics, etc. They hear from judges, attorneys, social workers and other professionals in the field. Programs also offer in-service training on many subjects.

The National CASA Association in Seattle, Washington, has developed a 40-hour curriculum and accompanying materials, which local CASA programs adapt, to their own communities. Most of the programs in Indiana currently use either this curriculum, or another curriculum, which is approved, by their court. A volunteer supervisor or program director is available to discuss the case, help problem solve and make sure volunteers get any legal support they need. Many programs have mentor components where experienced volunteers are matched up with new volunteers.

The Indiana State Office of CASA/GAL is a member of the National CASA Association. The State Office of GAL/CASA is currently funded in part through a grant from National CASA. At the present time, there are over 900 volunteer GAL/CASA programs nationwide. Indiana has the largest number of volunteer programs nationally. For more information about National CASA, or to become a member, visit their website at [www.casanet.org](http://www.casanet.org).
